SCHEDULING ORDER

The Department of Public Service ("Department") filed a letter on July 9, 2010, indicating that "due to a recent change in staffing resources," it can review each of the Integrated Resource Plans ("IRPs") filed by the 14 municipal electric departments,¹ including the Transmission and Distribution portions, in-house. The Department proposes to first address the IRPs filed by the Swanton Village Electric Department, the Village of Johnson Water and Light Department, and the Village of Morrisville Water and Light Department. The Department states that by September 30, 2010, the parties will file either a stipulation, a recommendation for approval, or a schedule to resolve any contested issues. The Department represents that the municipal utilities agree with this proposed schedule.

We adopt the Department's proposed schedule. Also by September 30, 2010, the parties are directed to file proposed schedules to address the remaining IRPs.
